

**CONTENT**

**HYDROTECHNICAL RECLAMATION**

Tkachuk R. M., Tkachuk M. M., Rokochynskyi A. M.	Improve the Water Regime of Soil Drainage Modular Systems Two-level Regulatory Drains ..... 3
Gerasimov E. G.	Optimum Diameter of Pressure Pipeline Pumping Stations ..... 12
Pinchuk O. L.	Research of Influence of Surface Roughness on Hydraulic Sloping of Sleeve-cover ..... 24
Huryh V. A., Radchuk M. I.	Reliability Assessment of Concrete Waterworks Visual Inspection ..... 30
Kozishkurt S. M., Kozishkurt M. E.	Nature Management and Hydromelioration: Indicators, Reality and Problems ..... 37
Romaniuk I. V., Gerasimov E. G., Pinchuk O. L.	Analysis of Trends and Improving of Technical Exploiting Drainage Systems (For Example Rivne Interregional Water Management Department) ..... 45
Riabkov S. V., Usata L. G., Novachok O. M., Novachok I. O.	Impact Irrigation of Fruit Plantations on Soil Indicators ..... 53
Olkhovyyk O. I., Ilchuk O. V., Olkhovyyk A. L.	Sustaining Landslide – Prone Slopes With Help Innovative Technologies ..... 64
Balykhina H. A.	Scenario Analysis For Risk Optimization In Paid Water Consumption..... 70

Kuzmych L. V.	Evaluation Reliability of a Closed Network of Drainage Systems on the Example of the Drainage System "Holovinska" Kostopil Districts of Rivne Region .....	78
Olkhovyk O. I., Koshmak K. M., Olkhovyk A. L.	Used Devices Removal Moisture From the Atmosphere for Drinking Water Supply and Irrigation .....	85
Tkachuk M. M., Kyrsha R. O., Radchuk V. I.	The Analysis of Regulation Norm Documents for Improving Organization and Planning in Water Management Construction .....	92
Meddour Ahmed Salah Eddine, Hurn V. A.	Reliability of a Dripper "Aqua Traxx" in Changing Mode of Exploitation According to the Laboratory Research .....	99
Syrotynskyi O. A., Prokopchuk N. M., Melnykovych E. V., Romanovskyi V. Y., Didukh I. V.	Silting of Drainage Well in Reclamation Systems and Technologies of Purification .....	109

## **WATER SUPPLY AND WASTEWATER DISPOSAL**

Poliakov V. L.	Theoretical Analysis of Non-reagent Suspension Filtration Intensification at Constant Hydraulic Load .....	116
Bliashyna M. V., Sablii L. A., Vlasiuk A. P.	Mathematical Modelling of Bioreactors With Fibrous Medium .....	125
Epoian S. M., Dushkin S. S.	Industrial Development Implementation of Activated Coagulant Solution of Aluminium Sulphate for Preparation of Drinking Water ...	134

Siemaka O. M.	To Question of Researches of Mixture Oil Products Migration After Anthropogenic Disaster in Chernigov .....	143
Meddour M. M.	Flushing Filling of Foampolystyrene Filters ...	150
Chaban I. V.	Mathematic Simulation of Procasses in Shock-foam Unit With Block of Thermoelectric Modules .....	158
Klepatch M. I., Fylypchuk L. V.	Analysis And Computer Simulation of Automatic Control Parameters Ph And Eh Industrial Wastewater In A Mixer Reactor of Periodic Action.....	172
Lekomtsev D. G.	Work Perfect Noncentral Wells With a Circular Loop Power in Anisotropic Layer of Ground .....	179
Kozar M. Y., Sablii L. A.	Phosphate Removal Through Malt Plant Wastewater Treatment in the System of Anaerobic-aerobic Bioreactors .....	185
Ostryanska N. I.	Intensific Hydrobiological Control of the Wastewater Treatment With Computer Technology .....	192
Kovalchuk V. A., Marchuk Y. V., Kovalchuk O. V.	On the Membrane Bioreactor Calculation .....	198
Poliakov V. L., Zhelizko V. V.	On Local Ordering Non-cohesion Soil Structure by a Single Small Sink .....	206
Kremez V. S.	Mathematical Modelling Filtration of Ground Water in Chemical Suffusion Soils .....	214

## **HYDRAULICS AND HYDRAULIC ENGINEERING**

Vecher V. V., Shchodro O. E.	Sediment Control at Canals .....	220
Kononenko N. A.	Search Innovative Energy Sources in Hydrosphere .....	228
Tokar L. O.	Statistical Modelling of Geometric Parameters of Channels Variability .....	238
Kononenko M. O., Myroshnichenko V. M., Potashnyk S. I., Chmyrenko O. M.	Safety Problems of Hydroelectric and Hydraulic Structures from Ice .....	244

## **ENGINEERING SCIENCE**

Syrotynskyi O. A., Prokopchuk N. M., Forsiuk S. L., Hnatiuk D. Y., Melnykovych E. V.	Justification and Investigation of Technological Parameters of Hydrodynamic Flushing Drainage Pipelines .....	251
Naumenko Y. V.	Three-phase Mode Rotating of Granular Filling Drum Intrachamber .....	260
Malashchenko V. A., Tymeichuk O. Y., Nikolaichuk V. V.	Forced Calculation of Connection of Changing Hardness Details .....	269
Naumenko Y. V.	Viscous Flow of Drum Mixer Liquid Filling....	276
Strilets O. R.	Justification of the Workpieces Sizes for the New Ways of Resilient Parallel Keys Manufacture .....	285
Naumenko Y. V.	Pseudotemperature of Granular Filling of	

	Drum Mixers .....	296
Kyrykovych V. D., Nikitin V. H.	Determination of the Critical Depth of Cut in the Combined Tiered Cutting Soil .....	305
Malaschenko V. O., Strilets O. R., Strilets V. M.	Experimental Research of the Dynamics of the Resilient Keys Connections Loaded Periodically .....	312

### **URBAN CONSTRUCTION AND MANAGEMENT**

Lipyanin V. A.	The Network of Sports Pools in the Settlement System of Rivne .....	323
----------------	--	-----

### **LAND SURVEYING AND CADASTRE**

Shulgan R. B., Yanchuk O. E., Svarytsevych T. M.	Expert Money Estimation of Land With Use of Mathematical Models (The Example of Rivne) .....	330
Revutskyi V. R.	Integrated Cadastre Systems – Base of Rational Management of Nature .....	338
Shulgan R. B., Yanchuk O. E.	Territory Subsidence Risk Assessment in Settlements by Simulation Under Uncertainty .	348
Yanchuk O. E., Lahodniuk O. A., Andriychuk R. V.	Geoinformational Supplying of National University of Water Management and Nature Resources Use Campus .....	358
Panasiuk I. A.	Bayesian Criterion Use for the Mathematical Modelling of the Reclaimed Lands Efficient Use .....	367

### **THERMAL ENERGETICS**

Ostapchuk S. M., Hinda A. A.	Development of Land Leased Relations in Agriculture (For Example Dzhankoi Region of
---------------------------------	--

Crimea) .....	374
---------------	-----

## TECHNOLOGICAL PROCESSES AUTOMATION

Voloshchuk V. A.	Open Interactive Algorithms for Thermophysical Simulation of Power Units	382
.....		

Sydorchuk B. P.	Optimal Position of Flat Solar Collectors Modelling Process .....	392
-----------------	---	-----

Haievskiy V. R., Kochmarskiy V. Z.	Calibration of Potentiometric Ph-Sensor.....	399
---------------------------------------	--	-----

## MATERIALS SCIENCE

Kundrat M. M., Kundrat A. M.	Calculation of the Strength of Tangent Reinforced Building Structures Elements .....	406
---------------------------------	--	-----

## EXPLOITATION OF MINERAL DEPOSITS

Moroziuk S. V., Kalko A. D., Mashchenko V. A., Sidletskiy V. A.	Model of Hydrodynamic Flows at Disintegrations Mining of Hardly Washed Placer Deposits .....	417
--	--	-----

Pastukhov A. V., Hnieushev V. A., Stadnyk A. S.	The Analysis of the Main General Engineering Properties of Peat of Rivne and Volyn Regions .....	424
---	--	-----

Kamskykh A. V.	Research and Development of Technology to Minimize Negative Environmental Influence on the Operating Properties of Labradorite .....	431
----------------	--	-----

## APPLIED MATHEMATICS

Hera B. V., Nykolyn O. V.	Mathematical Modelling of Nonideal Conditions for Thermal Contact of Layers Through Thin Inclusion .....	442
------------------------------	--	-----

Kostin O. V.	A Research of Plane-parallel Problem of the Evolution of Interfaces Between Fluids in Anisotropic Homogeneous Layer of Porous Medium .....	455
Hryhorovych V. H., Shakleina I. O., Tsmots V. M.	Methods and Tools of the Information Technologies of Ecological-economical Optimization of the Production .....	466
Mazharovskyi V. V., Marjin S. A., Kuzmenkov D. S.	Calculation of an Intense-deformed Status of Layered Cylindrical Designs From Anisotropic Materials .....	477

### **ECOLOGICAL SECURITY**

Varnavska I. V.	Development of Theoretical Bases and Technological Solution to the Process of Thermal Elimination of Unfit for Use Protective Chemicals for Plants and Landfill Solid Domestic Waste Filtrate .....	487
Basheva T. S.	Quantify the Impacts of the Process Recycling Battery Electrolyte on Workroom Air .....	495
Skyba E. E., Kulyk M. P., Holets N. Y., Chaban V. I., Bohdanenko O. V.	Selection Indicator of Quality for Assessments Industrial Pollution and Waste Drainage Water .....	503
